# INTRODUCTION AND GENERAL INDEX

-----

HILL DIRECTORY COMPANY publishers of Southeastern Directories (publishers of the Durham City Directory since 1903), presents to subscribers and the general public, this, the 1964 edition of the Durham City Directory, which also includes Hope Valley, Joyland and Sherron Acres.

Confidence in the growth of Durham's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Durham to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Durham Directory will fulfill its mission as a source of authentic information pertaining to the community.

## Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Durham, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Durham, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

## Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Durham and vicinity.

### The Durham Out-of-Town City Directory Library

Through the courtesy of the publishers of the Durham City Directory, a Directory Library is maintained in the offices of the Durham Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the U. S., Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

# DURHAM

“FRIENDLY CITY OF INDUSTRY, EDUCATION AND MEDICINE”

(Courtesy Durham Chamber of Commerce)

---

In April, 1865, at a log cabin known as the Bennett Place, near Durham Station, there occurred one of the most historic events in the history of the nation. Lee had surrendered at Appomattox, and the future looked dark indeed for the Southern states. Jefferson Davis and his cabinet had escaped to Greensboro, North Carolina, and there had held fiery debate as to the advisability of continuing the Civil War. Some members of the cabinet favored continuing hostilities at any cost, even though it meant carrying on a guerrilla warfare, while others took the position that the cause of the Confederacy was forever lost and that no good could be accomplished by further bloodshed.

Finally it was decided to instruct General Joseph E. Johnston, commander of the Confederate Armies of the Carolinas, Georgia and Florida, to negotiate terms of peace with General Wm. Tecumseh Sherman, commander of the Federal Army that had broken the backbone of the Confederacy by reason of its famous march to the sea. These two generals met at the Bennett Place and signed a tentative peace agreement. This agreement was so favorable to the South that General Grant refused to approve it, but after several days' conference, it was amended to meet General Grant's demands and was signed and approved by the governments of the North and South, and the War between the States came to a close.

Marking the place of surrender, just four miles from Durham, there has been erected, through the generosity of Mrs. S. T. Morgan, a beautiful monument consisting of two columns, one representing the North and the other the South, joined together by a crosspiece on which is the word "Unity." This historic spot, the birthplace of a reunited nation, is visited each year by thousands of people.

The death of the Confederacy gave birth to the city of Durham, and out of the ashes of the hopes of the Southern people has been built a great and beautiful city. In 1865, Durham Station was a small and insignificant point on the North Carolina Railroad, inhabited by less than 100 persons. There was one lone business enterprise here, a crude and unimportant tobacco factory with total assets of less than \$2,000, including not only products on hand, but representing also the entire investment and replacement. History and tradition unite in saying that this factory was broken into by Sherman's soldiers and a large part of the stock carried away. Tradition further says that the product carried away was so well made and of such quality that when the soldiers returned to the pursuit of civil life, letters came back to Durham to ascertain if there was more of the products upon the market. To supply this demand a broken business was rebuilt.

In 1865, Washington Duke, a Confederate soldier, walked from New Bern to his home in Durham, and with the same stout heart that had carried him through the vicissitudes of a lost cause, turned his attention to the battle for bread, which was doubtless as cruel and bitter as the war from which he had returned. He built the second factory in Durham, composed of a log cabin 20 x 30 feet, and with his own hands manufactured a product out of a small supply of tobacco that the Federal soldiers had not found. This he called *Pro Bono Publico*. The annual output of this factory was originally four or five hundred pounds, and in 1872, had grown to 125,000 pounds.

In the meantime, W. T. Blackwell had moved to Durham to engage in the tobacco business. He was to the early development of the tobacco industry in Durham what Napoleon was to France, or Caesar to Rome. The Durham Bull got upon the map and in a few brief years his sonorous voice, like the shot at Lexington, was heard around the world. In 1872, the two small tobacco factories had grown into twelve.

James Buchanan Duke, becoming convinced that it was neither practicable nor profitable to compete with Bull Durham smoking tobacco, turned the vision of his great genius into the cigarette field, and from that day to the present hour the increasing volume of the tobacco industry has become the common property of mankind.

On April 10, 1869, almost exactly four years after Johnston surrendered to Sherman, Durham was born. There were only 258 inhabitants in the village, and the total municipal revenue was \$357.44. The largest taxpayer paid \$40.62 in taxes. In 1870, there were probably less than 100 wage-earners in industrial pursuits in the town.

The tobacco industry grew at a very rapid rate, using large quantities of bright-leaf tobacco. While much of this type of tobacco was grown around Durham, it was sold at tobacco markets in Richmond and other Virginia cities, and local manufacturers had to pay the cost of transporting the tobacco from Virginia to Durham. This condition made desirable the opening of warehouses for the sale of leaf tobacco in Durham, and resulted in this city becoming one of the largest bright-leaf tobacco markets in the world, now selling from 40 to 50 million pounds each season.

During all this time there were no banks in the town, practically all the banking being transacted in Raleigh, and on days of big sales at the tobacco warehouses it was necessary to obtain cash from the merchants in order to pay the farmer for his product. Such inconveniences could not long continue, and soon two banks were established.

The next step in the industrial and commercial history of the town was the bringing in of additional railway lines. By the cooperation of manufacturers, merchants, and the city and county governments, the Seaboard Air Line Railway, the Southern Railway, and the Norfolk & Western Railway were given access to this market. Later the Norfolk Southern Railroad and the Durham &

Southern Railway were added to the railway lines serving the city, giving a total of five railway companies with five lines radiating in every direction.

Durham had now grown into a very prosperous and thriving community, but its citizenship was not satisfied with having purely a commercial and industrial town. The people felt the need of better schools and, in 1885, after a heated political campaign, bonds were voted for public school buildings and a tax levied for maintaining a public school system. Today, Durham has one of the finest public school plants of any city of its size, with physical property valued at \$15,986,575.55 and with a personnel of teachers and management that gives it first rating among the cities of North Carolina.

In 1892, Trinity College, now Duke University, was brought to Durham through the philanthropy of Mr. Washington Duke and General Julian S. Carr. Today Duke University has a physical plant worth \$77,272,545; 6,379 students, and a 633-bed hospital, and ranks among the leading educational institutions of the nation.

As the tobacco industry grew and prospered, certain persons used some of their dividends in establishing cotton mills, and this industry soon assumed a position of importance in the industrial life of the city. Later hosiery mills were established, until today Durham ranks as the first city of the South in the manufacture of full-fashioned hosiery. Other industries were added from time to time, including flour mills, fertilizer plants, iron works, woodworking plants, printing establishments, etc., until now there are engaged in industry over 15,000 wage earners, producing \$200,000,000 worth of manufactured products annually. Durham today produces 19 per cent of all the cigarettes made in the U. S.

Durham has made many capital improvements through the years and has excellent streets, water and sewer facilities, and other public buildings. The city is preparing for future growth with an urban renewal program, master recreation plan, downtown development and other programs.

Any story about Durham would be incomplete with mention of the notable contribution which the Negro race has made to the industrial, commercial and civic development of the community. The progress the race has made here has been truly amazing. Under the leadership of E. R. Merrick, and later, C. C. Spauling, and their associates, Durham's colored people have established industries, insurance companies, banks and other commercial businesses which would be creditable to any city. The labor which they furnish the city's industrial plants is intelligent and dependable. The high type of leaders among the colored people here has made Durham a conspicuous outpost in the advancement of Negro civilization.

One of the finest things about the founders of Durham is the material prosperity which has opened to them avenues of service to mankind. It has been said that more philanthropists have been produced in Durham than in any other city of the South. Watts Hospital, 338 beds, was a gift to the city and county by Mr. George W. Watts. Lincoln Hospital, of 148 beds, is largely the gift of Mr. Benjamin N. Duke. Duke University is a living memorial to Mr. Washington Duke and his two sons, Benjamin N. Duke and James Buchanan Duke. Other philanthropists have remembered the city from time to time in ways that help in making Durham a good place in which to live and work.

Durham is today the fifth city in North Carolina in point of population, having 80,000 inhabitants, and is second in industrial payrolls, and second in importance in the value of its manufactured products. It is far in the lead in its educational facilities, having an unexcelled public school system and Duke University within its corporate limits.

The colored people have in Durham, in addition to excellent public schools for their race, the North Carolina College for Negroes, the only college of liberal arts for Negroes supported by taxation in the State.

**All these things have been accomplished by people not especially favored by nature, but who by their determination, unconquerable will and tireless effort,**

**In 1910 North Carolina College at Durham was founded by its late President, Dr. James E. Shepard. The college's four schools—the Undergraduate School, the Graduate School, the Law School, and the School of Library Science—enroll approximately 2,500 students. The campus consists of 38 modern buildings valued at more than \$10,000,000.**

and by their faith in mankind and in this community, have created a city that proudly takes its position as one of the representative cities of the new South and of America.

County: Durham County was created by act of the General Assembly in 1881, from parts of Orange and Wake counties. While Durham is not a large county, it is the center of the famous bright-leaf tobacco belt. Between 40 and 50 million pounds of tobacco are sold each year on the Durham market. Tobacco is the principal money crop, although cotton, corn and truck crops also are important. Dairying has increased rapidly during the past few years. The county has good roads and splendid schools and churches. According to the 1959 U. S. Census there were 1,023 farms in the county.

**Education:** Durham is recognized as being one of the leading educational centers of the South. Its colleges and university, its public school system, its schools of music and business are rated among the best in the South by leading educators. (See Colleges, also Schools).

**Fire Protection:** Durham has a well-equipped fire department, with five stations, 124 paid men and 18 pieces of motor equipment. Value of fire department motor equipment \$280,000; giving Durham first-class insurance rating.

**Government:** Durham has had the council-manager form of government since May 4, 1921. It is admitted to be one of the best-governed cities in the state.

**Health:** Durham has a well-organized board of health, with 60 employees, charged with the supervision of health conditions in the entire county. It has been remarkably successful in its work. The white resident death rate for 1962 was 7.4; colored residents, 11.6 to the 1,000. The death rate for both races was 8.8. The birth rate for white was 20.0; for colored, 26.5, total 22.1. Milk, Meats, water, markets, dairies, hotels and eating places are carefully inspected.

**Hospitals:** Watts Hospital (public, white), is one of the finest hospitals in the South, value, \$4,786,817; 338 beds; personnel of 100 physicians and 167 nurses; endowed by Mr. George W. Watts and partly supported by contributions from city and county. Lincoln Hospital (public, colored); value \$1,243,000; 148 beds; personnel of 2 resident and 22 practicing physicians, and 28 graduate and 39 student nurses; partly supported by contributions from city and county. McPherson Hospital (private—eye, ear, nose and throat); value, \$120,000; 42 beds and personnel of 12 physicians and 21 nurses. Duke Hospital with 633 beds, representing an investment of more than \$3,000,000, is said to be the best-equipped hospital in the world. It was opened on July 21, 1930. During 1932, the Duke Hospital Nurses' Home was completed at a cost of over \$300,000. Two other nurses' homes have been added. The North Carolina Cerebral Hospital (palsy), has 40 beds. The State has taken over the 2,400-bed Army Hospital at Camp Butner, and this is now a mental institution. Durham also has a 500-bed U. S. Veterans medical and surgical hospital. Durham is the chief medical center south of Baltimore.

**Veterans Administration Hospital**

**Hotels:** Durham is unusually well provided with hotel facilities. The Jack Tar Durham is one of the finest hotels in the South. It has 300 bedrooms, all with bath. The Malbourne Hotel—200-room capacity—is a fireproof hotel. Other hotels are the Carr and the Biltmore.

**Industries:** Durham is the second largest industrial center in North Carolina, its output of manufactured products being valued at over \$200,000,000 annually (U. S. Census of Manufacturers). It has large tobacco industries, manufacturing such well-known brands as Duke's Mixture smoking tobacco, and a great many brands of cigarettes. It is the home of the Durham Hosiery Mills (manufacturers of hosiery and synthetic yarns), and the Golden Belt Mfg. Co. (Manufacturers of cloth bags). There are also manufactured in Durham, Erwin and White-Star sheeting and pillow cases; Virginia-Carolina fertilizers; Occoneechee, Peerless and Climax flours; blank books, corrugated boxes, wooden boxes, castings and iron products, harness and saddles, bread, ice, mattresses, brick, building materials, proprietary medicines, furniture, roofing, meat-packing products and machinery. Due to proximity to source of raw materials, natural gas, cheap electric power and its transportation facilities, Durham offers unexcelled opportunities for the location of industries.

**Location:** Durham is situated in the geographical center of North Carolina, a few miles north of the center of population of the state. Its terrain is slightly rolling and is well drained.

**Newspapers:** 2 dailies, 1 Sunday and 4 weeklies.

**Parks:** 24, with total of 1,287.98 acres, valued at \$2,137,000. Also 19 city playgrounds and four 18-hole, and two 9-hole golf courses.

**Payrolls:** The payrolls of Durham exceed \$125,000,000. annually.

**Police Department:** Has 119 men and 34 women, with 1 station and 42 pieces of motor equipment, all cars being equipped with two-way radio facilities.

## CASHIERS! TELLERS! ~~~~~CLERKS!~~~~~

Do your employers furnish you with  
the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

*Out of Sight!*

*Out of Mind!*

*Out of Business!*

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

**ARE EASY** to find whether you remember the correct name or not, because they are classified by business and have put their advertisements in the natural place for searchers to find.

# A STATEMENT OF ADVERTISING PRINCIPLES

1. **GOOD ADVERTISING**—aims to inform the consumer and help him to buy more intelligently.
2. **GOOD ADVERTISING**—tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. **GOOD ADVERTISING**—conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. **GOOD ADVERTISING**—recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

## ***The Call Commander***

Now, without leaving your desk, you can contact up to 6 key aides in seconds—set up a phone conference with all or several of them—dial up to 35 additional inside numbers—handle as many as 17 outside calls at once. All this is push-button easy with our new *Call Commander* telephone.

It helps relieve the daily pressure in other ways, too: by holding several incoming calls at once—by "camping" on a busy number and ringing automatically the minute the line's free.

A *Call Commander* for your-size business? You can start small if you wish and add 6-button sections as the need grows. No switchboard needed. For a no-obligation demonstration, call our business office today.
